Our View

Echo Beach is the perfect 'get away from it all' destination. Set on the kind of beach that has made Zanzibar famous, and stretches from Chwaka Bay in the north for about 30 kilometers south, it is as if you have landed on a desert island! The hotel has no crowds, no organised fun, just unpretentious comfort, relaxed service and good food.

The price is superb in comparison with many other hotels on the island and the food really is VERY good. Overall, a great value self confessed 3 to 4 star hotel that has a superb beach and a stunning menu. If you are looking to spend your money on a fantastic beach and good but not over the top accommodation, then look no further!
