

Mnemba Island Zanzibar

Mnemba is located just off the North East Coast of Zanzibar and is a tiny dream island. Mnemba Island Lodge has the best beach in Africa; sandy shores are surrounded by a rich, colourful reef brimming with fish and mammals, both big and small - such as dolphin, barracuda, tuna and sail fish.

The lodge is stylishly run by CCAfrica as a private and exclusive retreat for serious island hoppers who seek to find a very special kind of island idyll, and aims to provide an ultimate experience of barefoot luxury in an entirely comfortable desert island style.

Accommodation is in just 10 roomy thatched beach bandas with bathrooms set back along a soft corridor of woven coconut palm, each set back from the beach in a private clearing in the forest. All bedrooms, verandas and central living areas are atmospherically designed with light cotton nets, soft African prints and cushions, and - once the astronomical rates have been afforded - all fresh tropical cocktails, diving expeditions, water sports and fishing trips are included.

The lodge runs a professional dive school and traditional wooden dhows from which to explore the warm clear waters and coral reefs, and guests return to their island hideaway to enjoy sumptuous feasts of fresh fruit, vegetables, seafood and meats all fabulously prepared and presented.

- 10 luxurious ensuite beach front bandas.
- Africa's finest beach.
- PADI diving centre.
- All inclusive hotel including 2 Scuba dives a day.
- A paradise island!

Our View

According to Conde Nast, this is one of the world's top three most romantic beach locations in the world. There is no doubt that the place is seriously stunning and home to what are the best beaches in Tanzania; a real pinnacle in barefoot luxury. We have never had a complaint from any client who has gone to Mnemba and considering the price tag, that is an unbelievable record.

What truly makes Mnemba is its isolation/privacy and the absolute world class quality of the beach... through our extensive travels around the whole of Africa we have yet to find anything like it. Simply put, if you have the budget, then there is no other option!
