

Ras Nungwi – The Ocean Suite Zanzibar

Located in Northern Zanzibar, this beach hotel's unique Ocean Suite is beautifully decorated and is, arguably, one of Zanzibar's finest beach accommodations. The earthy tones and Moorish architecture are reminiscent of Zanzibar's rich Arabian history.

The Ocean Suite has an incredibly spacious 200 square meters of living space and is at the disposal of no more than two guests at a time. The secluded sundeck, complete with private plunge pool and stylish furnishings, offers a private and romantic escape, perfect for honeymooners.

The luxurious living room is strikingly decorated in distinctive Zanzibari style, with stunning panoramic views. Amenities include music system, well-stocked mini-bar, refreshment facilities and air-conditioning throughout.

The suite's bedroom is bright and airy with large French windows opening onto the plunge pool and magnificent Indian Ocean beyond. Hand-crafted furnishings set the scene, including a king-size 'Pili-Pili' four-poster bed.

The private veranda offers uninterrupted ocean views with private access to the beach and the roof-top living area under palm-thatch is a great place to relax.

Our View

This is unquestionably one of the best beach accommodations on the Zanzibar Coast. The Ocean Suite is in fact a small luxurious house with a four poster bed, your own bar and upstairs lounge area (as well as the down stairs one). The suite has stunning views out to sea and privacy unrivalled on Zanzibar, this really is a truly outstanding place to stay!

Ras Nungwi itself is a great compromise on all fronts; great beach, good food and service, nice rooms, and it has the faculties of a resort but with only 31 rooms. So all in all it is a great choice.
